**SA.MAST Animal Clinic**

**SAVC REG: FC16/14420**

**Khayelitsha, Cape Town, Western Cape, South Africa**

*The SA.MAST Animal Clinic is part of the Khayelitsha landscape and cherished by its residents.*

*From 2009 to 2015, SA.MAST functioned as a mass sterilisation and primary treatment clinic only. In 2015 we built a new clinic and as of May 2016 our essential services have extended to include that of a small-animal veterinary clinic / hospital as well.*

**The following veterinary objectives have been accomplished in 2016:**

- *The clinic is South African Veterinary Council (SAVC) registered.*
- *Theatre staff are trained and competent.*
- *Six qualified Animal Welfare Assistants - all passed SAVC examinations.*
- *Clear SOPs manuals detailing mission, work expectations and disciplinary code are present with detailed daily routines for AWA's, theatre assistants, veterinarians, Operations manager and census workers.*
- *Comprehensive databases of suppliers, account details and special arrangements.*

*After an intensive period devoted to establishing an efficient and fully functional clinic, while continuing with and reaching our mass animal sterilisation programme objectives for the 2016 year, SA.MAST is advertising the post of a full time Principle Veterinarian at our animal welfare Khayelitsha clinic.*

**1. Job Details and Starting date:**

- Principle Veterinary Doctor
- To start ASAP.

**Responsibilities**

- Consulting, vaccinations, euthanasia
- Non-elective surgery and approximately 10 to 15 sterilisations per day three times a week.

- Drivers License

### **7. Package offered:**

- R35 000 – R40 000 per month net (after deductions) neg.
- Thirty days leave per annum (two paid leave periods per annum)

### **8. Brief description of our Clinic / Hospital & Cape Town:**

Khayelitsha is a sprawling urban and informal settlement of more than one million people and home to thousands of dogs and cats. It is a place of both hardship and inspiration, of struggle and extraordinary potential. A place where making a difference is not just a wishful dream, but a vital possibility of vision, achievement and satisfaction.

The South African Mass Animal Sterilisation Trust (SA.MAST) is a successful welfare organisation with an impeccable track record, known for going the extra mile. We have worked since 2009 to reduce radically the number of unwanted or neglected animals in the area, to improve their living conditions, and promote a more humane, compassionate and non-violent society.

To complement our busy sterilisation clinic, we have established a new clinic / hospital to meet the needs of sick and injured animals.

We seek a motivated professional who wants to make a difference while enjoying 'Mother City' lifestyle has to offer - ranked amongst the best and most beautiful in the world.

### **To Apply:**

Please send your Cover Letter and CV to [samast@samast.co.za](mailto:samast@samast.co.za) for the attention of Ms Tamsin Nel, Founder and Managing Director. Please include the names and contact details of 3 referees.
